

# Embrace the digital evolution and maximise your ROI

Thank you for requesting your DWX-51D ROI calculation, below you will see just how much your lab could save in both financial terms and technician hours.

## Your Monthly Productivity

### Outsourcing

	Qty per month
Zr inlays/onlays	0
Zr copings	30
Zr full contour	10

You told us you already have a desktop scanner and zirconia sintering furnace so we have removed these costs from the investment calculation.

### In-house productivity

	Qty per month
Full contour wax for pressing	200
Full contour wax for gold	80
Wax copings for bonding	400
Diagnostic wax	10
PMMA temporaries	20
Veneers	10

## Your DWX-51D ROI Calculation:

Total saving over 5 year ownership	<b>£73,362.96</b>
Including	<b>101</b> Technician hours saved every month

Now that you can see the potential savings, we would be delighted to talk you through the calculations plus give you a demonstration of just how accurate and easy-to-use the DWX-51D is. To arrange a 1-2-1 demonstration please email [sales@rolanddg.co.uk](mailto:sales@rolanddg.co.uk) or call 01275 335540 quoting "DWX-51D ROI".
